KAMPOT

GOING INTO THE UNKNOWN IS AN EXPERIENCE THAT SHOULD BE TREASURED

Inspired by Cambodia's atavistic forest, modern minimalism, and complete seclusion, Amber Kampot allows guests to explore the untouched corner of the globe with all the comforts you would expect. Set alongside the tranquil emerald waters of the Praek Tuek Chhu River and directly across from the colonial-heritage Kampot city center, Amber Kampot provides sophisticated luxury villas with a private pool, a world-class dining experience and rejuvenating spa treatments. Sense the breezy temperature as the resort nestled at the Elephant Mountains foothills, which elevates your stay experience unlike any other.

The resort design centers on sleekness, simplicity, and timelessness. With generous use of recycled Cambodia Koki woods, the villas redefine the excellent construction and provide an unbeatable comfortable stay. Once entering the resort area, expect the surprise element of decorative gardens and the sustainable water framework, which maximizes the natural decor of the property. Imagine a room with a private terrace, adorned bathtub, and spacious space that relaxes the mind; it's all here.

At Amber, we believe in sustainability. Designed carefully with energy efficiency, Amber is committed to making a better environment with a sincere purpose. Our electricity is renewable with solar panel equipment, and the wastewater is treated on-site and recycled to our garden. We share our 3% profit with the village to improve the local economy as we believe our success shall impact others too. Experience the exceptional Amber!

CAMBODIA'S UNDERRATED GEM

Widely known as the best producer of world-class Pepper and the high-quality local crystal salt, Kampot is significantly growing in Cambodia's tourism scene. Kampot is still undiscovered compared to other South East Asia domestic locations. The city's charm has been magnetic magic towards foreign travelers, locals, and other business investments.

Approximately three hours driving from the Capital, Phnom Penh city, Kampot is a leisure destination for people who'd like to seek a mental remedy, away from the hustle-bustle and reset the gloomy perspective. Each attraction offers a different narrative that keeps people excited and pampered.

Need an adventure? Take a stroll in the city center, appreciating the colonial buildings, or witness the sunset from the relaxing riverside. Hike the Bokor mountain and stare at the unparalleled panorama of the Thai Gulf, Cambodia landscape, and Phu Quoc island that takes your breath away. Take it all in when you are in this charming city.
